Old Business:

- Financial Audit committee status

New Business:

- Welcome back to Tony Stokes
- Review repeater interference status –
 - There is still a little interference but much less than in the past year.
 - Concerning noise on 146.700
 - Return previous RF package to 147.120 and correcting COR to TOR for the tone so the courtesy tone is only active with a proper tone input.
 - Take RF package from 12 and replace the one on 146.700 to see if that improves noise issue. (to date antenna, jumper from antenna to antenna, duplexers and rf deck (rcv & tx unit) has been replaced).
 - Discussion was had about adding pl tone – will be brought up at next general membership meeting.
- Next Board Meeting on March 27th at 7PM. Matthew will be out. Tony will open up.
